## I want to help you make

Oh no! My records show that you have entered the first month of the **Terminated Status.**

If you don't make at least a **\$200** Section 1 order in a single month during the next 6 months, you'll no longer be a Consultant. I would hate to see that happen!

**Here's an idea:** If you could hold facials or parties this month and/or next and sell enough, you could use that to make your order and become **Active again!**

Let me help you with a plan to get **BACK IN BUSINESS!**

If you are ready to start again, I am ready to help you! Take the first step by contacting me today. The possibilities are **ENDLESS.**

Within 5 days of reports posting, we'll send a post card to consultants who are listed as T1(N1 in Canada) in the current month.

This will be the last contact before they receive the 11-month letter (if you choose 11-month as one of your mailings).
